(2) Letter no 246 d 19/8/97
reporting on subject no (2)

The petition presented by the petrs
as noted above was forwarded to
the Dy Comr for report
The Dy Comr reported that (1) the
tank in question had been restored
and made over to the Rev Dept
in 1895, (2) that, as its maintenance
had been neglected since then, Govt in
the D.P.W accorded sanction to
a project of Rs 4420 for bringing

6

to expedite his report and stay the sale pending the submission of the report

The Dy Comr reported, in his No 1545 7/8/95, that the neglect in the up-keep of the tank-bund was spread over 20 years, and nobody in particular could be held responsible and submitted an individual statement showing the amount recoverable. As it was apparent from the statement that amounts due by each individual were not proportional to the assessment payable by them, the Dy Comr was requested to explain the principle on which the levy was made. (Vernal No 8/a)

The Dy Comr explains, in his letter No 209 & 25/8/96, that the apportionment of the cost of earthwork was based on the area of land held by each khatedar & not on the assessment, that one acre of wet or garden land was held equivalent to 2 dry acres.

[The submission of this letter to the Council was apparently delayed pending the ~~pass~~ receipt of the report on the question of remission]

But it is obvious that the Dy Comr's explanation is opposed to the principles expounded in Rule 3 of the Chief Comr's notes where the basis is the assessment. Moreover mohatarfa-papers not been called upon to do their share of earth-work

[In the case relating to the Devanur Tank in Kadur Dt, the question of apportionment was also considered and while the appeal in that case was dismissed, the general question was referred to the Chief Engineer as between the lowland & dry lands & mohatarfa

The views of the latter do not yet seem to have been communicated to Govt; but the apportionment in Kadur Dt was made on the basis of assessment & not of area (which would be clearly inapplicable to mohatarfa-papers) & only the minor details were referred to the Chief Engineer]

Sir,

I have the honor to inform you that Government have accorded sanction to a project of Rs 4420, for bunding the Adivinnamattapur Tank, Regr Nos 230 and 231 in Doddaballapur Taluk, up to standard, at present weir level. This tank was restored by the late Irrigation Department at a cost of Rs 6105 in 1875, when the bund was raised 4 feet above weir level with 6 feet top width, but the duty of maintenance having been totally neglected by the Ryots, the bund is now in a most dilapidated state, it being very low and weak.

The sanctioned estimate provides for raising the bund to R. L 5.6'00, with 6 feet top width, but the ryots will have to bear

ज्ञानेश्वरी ही मराठी भाषेतील एक अत्यंत श्रेष्ठ आणि लोकप्रिय ग्रंथ आहे. संत ज्ञानेश्वर महाराजांनी हा ग्रंथ इ.स. १२९० च्या सुमारास लिहिला. या ग्रंथाला भावार्थदीपिका असेही म्हणतात. हा ग्रंथ भगवद्गीतेवर आधारित असून त्यात एकूण सुमारे नऊ हजार ओव्या आहेत. ज्ञानेश्वरांनी हा ग्रंथ त्यांचे गुरू निवृत्तिनाथ यांच्या आज्ञेवरून लिहिला. त्यांनी तो अवघ्या सोळाव्या वर्षी पूर्ण केला, असे मानले जाते. त्यामुळे त्यांची प्रतिभा आणि भक्ती दोन्ही या ग्रंथात दिसून येतात.

ज्ञानेश्वरीचे वैशिष्ट्य म्हणजे तिची भाषा. संस्कृत भाषेतील गीता सामान्य लोकांना समजणे कठीण होते. म्हणून ज्ञानेश्वरांनी ती सोप्या, रसाळ मराठीत मांडली. त्यांनी अनेक ठिकाणी दृष्टांत, उपमा आणि रूपके वापरून तत्त्वज्ञान सहज समजावून सांगितले. त्यामुळे हा ग्रंथ केवळ पंडितांचा नाही, तर प्रत्येक सामान्य माणसाचा ग्रंथ बनला आहे. म्हणूनच त्याला ‘मराठीचा पहिला ग्रंथ’ असेही म्हटले जाते.

या ग्रंथात कर्म, भक्ती आणि ज्ञान या तीन मार्गांचा सुंदर समन्वय साधला आहे. ज्ञानेश्वर महाराज सांगतात की, कर्म करताना मनात भक्ती असावी आणि ज्ञानाने त्या कर्माचा अहंकार नष्ट करावा. त्यांनी ‘पसायदान’ या शेवटच्या प्रार्थनेत विश्वकल्याणाची कामना व्यक्त केली आहे. ही प्रार्थना आजही अनेक ठिकाणी म्हटली जाते. तिच्यातून त्यांची उदार आणि व्यापक दृष्टी दिसून येते.

ज्ञानेश्वरीचा प्रभाव मराठी समाजावर खोलवर आहे. अनेक शतकांपासून वारकरी संप्रदायात हा ग्रंथ पारायणाच्या रूपाने वाचला जातो. त्यामुळे तो केवळ साहित्य न राहता जीवनाचा मार्गदर्शक बनला आहे. आजही अनेक कुटुंबांत ज्ञानेश्वरीचे पारायण केले जाते. यावरून तिचे महत्त्व लक्षात येते. म्हणूनच ज्ञानेश्वरी हा मराठी संस्कृतीचा अमूल्य ठेवा आहे.

Bangalore, 19th/20th August 1897

To,

The Secretary to the

Rev: & Genl: Departments.

Sir,

With reference to your docket No. 3530 Ret. 7-14-96 of the 30th September 1896, calling for a report regarding the remission of assessment prayed for by the ryots of Addi Vishwanathpur in the Doddballapur Taluk, I have the honor to state that the ryots claim remission of assessment for the years 1893-94 and 1894-95, on the ground that there was not sufficient water during those years in the tank for their crop. It is however reported that the tank was not breached; nor was water let out for the repair thereof. There is no proof at this distance of time to shew that no produce was reaped by the

ryots

guntas was doubled and added to the extent of dry lands i.e. 32 acres and 4 guntas, and the cost of earthwork (Rs. 1039) distributed over the same three estates. Hence the apparent discrepancy noticed in the Proceedings under reply.

2. The Annexed correspondence ending with the Goddalakidapur Similar arzi of No. 136 dated 20th August 1895 and the English statement received with the Government Proceedings under reply are herewith submitted.

I have the honor to be,

(421) Order thereon No. 2842/P.T. 14-96
Dated Bangalore 14/16 Septr. 97

The Govt. regret to observe that there has been great delay, unnecessary and unaccountable, in the submission of this report.

2. From the Pahanis extracts submitted with the Deputy Commissioner's report, it is observed that paddy is entered against most of the fields for which remission is claimed. There are no grounds for remission and the claim for it is rejected. The Dy. Commr's attention is drawn to column 11 of the Pahani Extract showing almost all the boundary marks to be out of repair and he is requested to enforce the standing orders on the subject.

3. The Govt. observe that the principle on which each landholder has been called upon to contribute

is not in accordance with the standing orders. Rule 3 of the Chief Commr's Notification No 65 of 2° October 1873 lays down that the work to be done by each individual should be proportionate to the amount paid by each for lands, houses or other property attached to the village and not to the extent of land held by him. Rule 2 of the same Notification does not exempt the Mohalarpayers who may not own any land, from the duty of maintenance. The apportionment in the distribution list is incorrect on the above two points and the Deputy Commr is requested to submit a further report.

4. The records are returned for reference and resubmission

L.R. 93-94-~~13~~

(2) Correspondence ending with letter No. 246 of 19th August 1897 from the Deputy Commr. Bangalore District reporting on the above and transmitting the records of the case.

The records show that the Addle Hiremattapur Tank (Registered No. 250 & 251) was restored by the late Irrigation Deptt. and made over to the Revenue Department in 1875. In the year 1894, the Chief Engineer brought to the notice of Govt. the extremely dilapidated condition of the bund owing to its maintenance having been totally neglected by the ryots ever since the date

of reclamation

2. The Govt sanction accorded sanction in the P.W. Dept to a project of Rs 4450 for bringing the tank up to standard to the weir-level and authorized the collection of Rs 1639 from the ryots, being the cost of raising the bund to the normal height. The petitioners pray for being exempted from paying the above amount.

3. From the undivided distribution list and the explanatory report submitted by the Deputy Commr, it appears that the apportionment of the cost of earth-work is based on the area of land held by each landholder, one wet acre being considered equivalent to two dry acres and that many of the petitioners have not been called upon to pay their quota.

4. On the question of reclamation the Deputy Commr reports that the tank was in good order during the

(1) Petition No. 2605, dated 5th April 1895, from Muniappa and other raiyats of Adde Visvanathapur, Dodballapur taluk, complaining of their being required to contribute towards the repair of the village tank and praying for remission of wet assessment under the tank for the years 1893-94 and 1894-95 on account of failure of crops.

(2) Correspondence ending with letter No. 246, dated 19th August 1897, from the Deputy Commissioner, Bangalore district, reporting on the above and submitting the records of the case.

The records show that the Adde Visvanathapur tank (registered Nos. 250 and 251) was restored by the late Irrigation Department and made over to the Revenue Department in 1875. In the year 1894, the Chief Engineer brought to the notice of Government the extremely dilapidated condition of the bund owing to its maintenance having been totally neglected by the raiyats since the date of restoration.

The Government thereupon accorded sanction in the Public Works Department to a project of Rs. 4,420 for bringing the tank up to standard to the weir level and authorised the collection of Rs. 1,639 from the raiyats, being the cost of raising the bund to the normal height. The petitioners pray for being exempted from paying the above amount.

3. From the individual distribution list and the explanatory report submitted by the Deputy Commissioner, it appears that the apportionment of the cost of earthwork is based on the area of land held by each landholder, one wet acre being considered equivalent to two dry acres and that mohatarfa-payers have not been called upon to pay their quota.
